Aim slightly left of middle for the best position. Club selection is 1 or 2 extra for your approach as the green is elevated with two deep bunkers. A difficult green that slopes left to right from the front.

The trees hug the fairway on the right. A straight drive will leave you a wedge to the green. Reachable for long hitters. Birdie chance for all.

A spacious fairway for a good drive. A tough 2nd shot with the ball above your feet on the slope. Two bunkers protect the green that runs away to the back left, so allow for the roll.

Possibly the second hardest par 3 in Kent. It is a narrow target to this elevated green with out of bounds and trees left and right. Choose your tiger line or sensibly lay up before the three bunkers. This will leave you a wedge shot to a left to right green.

It is a blind tee shot so aim between the marker post and the first tree on the right.

Aim middle to right side of the fairway for the best position.

Allow some extra yards on the approach as the green is slightly elevated on a bank. The green breaks more than it shows, some testing putts.

The trees of High Elms logo are in full view from the tee behind the green. Beware the Captain's Charity Bunker on the left. Tougher than it looks.

Off the white tees this is a very difficult par4. You tee shot requires accuracy and then the green slopes away to the back.

Two good shots will set you up nicely for your approach to the green. It's an elevated green with two deep bunkers left and right.

To the 19th for refreshment.
